During that time commercial nuclear power continued to develop across the globe, as did both public concerns about nuclear power and awareness of the benefits of nuclear power. The antinuclear movement was strongly supported by American activist Ralph Nader, the Sierra Club, and Friends of the Earth, who each variously called for moratoria on nuclear power development.

Antinuclear movement | social movement | Britannica

In the early 1970s, there were large protests about a proposed nuclear power plant in Wyhl, West Germany. The project was cancelled in 1975 and anti-nuclear success at Wyhl inspired opposition to nuclear power in other parts of Europe and North America.

Anti-nuclear movement - Wikipedia

The famous event—at the time the largest political demonstration in American history—is widely heralded as a high point of the anti-nuclear movement of the 1970s and 1980s. At the time, the New York Times described it as a novel people's movement, "A force that did not exist in America's first three atomic decades."
