Were you looking for the book with access to MyOMLab? This product is the book alone, and does NOT come with access to MyOMLab. Buy "Operations Management with MyOMLab access card 7e" (ISBN 9780273776291) if you need access to the MyLab as well, and save money on this brilliant resource. Operations management is important, exciting, challenging ... and everywhere you look! - Important, because it enables organisations to provide services and products that we all need - Exciting, because it is central to constant changes in customer preference, networks of supply and demand, and developments in technology - Challenging, because solutions must be financially sound, resource- efficient, as well as environmentally and socially responsible - And everywhere, because in our daily lives, whether at work or at home, we all experience and manage processes and operations. 'Operations Management' focuses on the sustainable and socially responsible imperatives of operations management, using over 120 cases and illustrations of real-life operations around the world, including Apple, Medecins Sans Frontieres, Amazon, Ecover, Dyson, Disneyland Paris, Google, The North Face, and many more. Need extra support? This product is the book alone, and does NOT come with access to MyOMLab. With this hands-on study guide to accompany the reference on integrating the many disciplines that comprise service operations management, authors Haksever and Render help students master all aspects of the field. Fully aligned with Service Management, this workbook-style book includes chapter learning objectives, chapter summaries, chapter questions, reviews of key terms and concepts, additional cases and examples, discussion questions, and more.

"A Systems Approach to Small Group Interaction" pioneered the systems approach and is the only book that integrates all important small group topics into a single comprehensive conceptual model. The text also features a unique systematic organization. Each chapter begins with a brief preview, followed by a glossary of terms, a real life case study, and then the chapter text material; next comes several experiential exercises for skill development, and finally the chapter concludes with two original readings.
