Learn about the history of Times Square in New York with iMinds Travel's insightful fast knowledge series. Times Square stands proudly in the centre of New York City. Broadway meets Seventh Avenue in a place where tourists meet and fall in love with New York. The bright lights and billboards that seem to stretch on forever are just part of what makes Times Square so famous and so attractive. It is also the centre of New York's famous Broadway theatre district and is the place where millions of people come together to bring in the New Year. Times Square makes up most of the western midtown Manhattan area. In the 1800s the area was known as Longacre Square. It housed horse exchanges and stables, carriage factories, blacksmith's shops and upscale brothels. In 1904, The New York Times moved in and established one of the tallest buildings in the city. The newspaper convinced the city to create a subway stop there and to rename the area 'Times Square'. When the new building was opened on 31 December 1904, the newspaper celebrated by holding a public New Year's Eve celebration in the square, complete with fireworks. This tradition is still carried on today. So the New York Times had a significant part in the making of Times Square. Yet it was another publication that brought the drama to the square. iMinds will tell you the story behind the place with its innovative travel series, transporting the armchair traveller or getting you in the mood for discover on route to your destination. iMinds brings targeted knowledge to your eReading device with short information segments to whet your mental appetite and broaden your mind.

The nether side of passion is madness. Nathan Price is a college professor with crippling impairments, seeking escape from his prison of necessity. One day, in a package of seventeenth-century documents from Salem Village, he stumbles across a letter by his best friend, Jamie, who had disappeared six months before. The document is dated 1692--the height of the Witch Trials. The only potential lead: a single mention of Carthage, a tiny town in the Wisconsin northern highland. The mystery catapults Nathan from Chicago to the Wisconsin wilderness. There, he meets Alanna, heir to an astonishing Mittel-European legacy of power and sacrifice. In her, and in the gentle townfolk of Carthage, Nathan finds the refuge for which he has long yearned. But Simon, the town elder, is driven by demons of his own, and may well be entangled in Jamie's disappearance and that of several Carthaginians. As darkness stretches toward Alanna, Nathan may have no

Download Free Bosch Dishwasher Manual Shx55r55uc

choice but to risk it all... Moving from the grimness of Chicago's South Side to the Wisconsin hinterlands to seventeenth-century Salem, this is a story of love, of sacrifice, of terrible passions--and of two wounded souls quietly reaching for the deep peace of sanctuary.

Libraries, like other service providers, have been the victim of increasing budget cuts in the wake of the 2008 economic crisis. Yet usage is up and continues to grow. This brief book is intended as a primer to get you going on creating an advocacy program in your community.

Previously published in hardcover as DELCROIX ACADEMY: THE CANDIDATES. Danica Lewis accepts a scholarship to Delcroix Academy, a school for kids with special "skills." But once she arrives at the mysterious school, Danica suspects the recruiters know more about her "gift" than they're letting on.

Art directors need to balance both the creative and business-oriented aspects of their role to be truly successful. As well as needing top-level visual and creative skills, art directors must also motivate, communicate with, and inspire their coworkers and clients. Art Directing Projects for Print provides a creative, inspirational, and “ skill set ” path for designers who wish to raise their careers to a more ambitious level. This ground-breaking book will give them the essential building blocks to make the professional transition from competent designer to pace-setting art director, in the highly competitive and innovative area of print design. Art Directing Projects for Print reveals the professional skills involved in key creative areas of print design through providing a unique mix of theory, context, contemporary media awareness, inspirational case studies, international showcases, interviews with big-name professionals, developmental advice, and practical information.

A new heroine from the creator of the internationally bestselling Amelia Peabody series A missing masterwork in wood, the last creation of a master carver who died in the violent tumult of sixteenth century Germany, may be hidden in the medieval castle in the town of Rothenburg. The prize has called to Vicky Bliss, drawing her and an arrogant male colleague into the forbidding citadel and its dark secrets. But the treasure hunt soon turns deadly. Here, where the blood of the long forgotten stains ancient stones, Vicky must face two perilous possibilities: either a powerful supernatural evil inhabits the place... or someone frighteningly real is willing to kill for what Vicky is determined to find.

This book presents the most effective instructional strategies for promoting vocabulary growth in the early grades, when the interdependence of word learning and oral language development is especially strong. The authors guide teachers in choosing the best materials and in fostering home-school connections, and share six key principles for building vocabulary. Included are guiding questions; text boxes connecting vocabulary to the Common Core State Standards; examples from real teachers; reproducible checklists, rubrics, and other tools; and an appendix of additional vocabulary resources. Purchasers get access to a Web page where they can download and print the reproducible materials in a convenient 8 1/2" x 11" size.

The cannibal has played a surprisingly important role in the history of thought--perhaps the ultimate symbol of savagery and degradation--haunting the Western imagination since before the Age of Discovery, when Europeans first encountered genuine cannibals and related

horrible stories of shipwrecked travelers eating each other. *An Intellectual History of Cannibalism* is the first book to systematically examine the role of the cannibal in the arguments of philosophers, from the classical period to modern disputes about such wide-ranging issues as vegetarianism and the right to private property. Catalin Avramescu shows how the cannibal is, before anything else, a theoretical creature, one whose fate sheds light on the decline of theories of natural law, the emergence of modernity, and contemporary notions about good and evil. This provocative history of ideas traces the cannibal's appearance throughout Western thought, first as a creature springing from the menagerie of natural law, later as a diabolical retort to theological dogmas about the resurrection of the body, and finally to present-day social, ethical, and political debates in which the cannibal is viewed through the lens of anthropology or invoked in the service of moral relativism. Ultimately, *An Intellectual History of Cannibalism* is the story of the birth of modernity and of the philosophies of culture that arose in the wake of the Enlightenment. It is a book that lays bare the darker fears and impulses that course through the Western intellectual tradition.

With fascinating historical anecdotes and incisive scientific analysis, this important work combines ancient thought with modern theory to reveal a new way of viewing our universe that can expand our awareness, our lives, and may well point the way to a new science for the twenty-first century.

This book aims at meeting the growing demand in the field by introducing the basic spatial econometrics methodologies to a wide variety of researchers. It provides a practical guide that illustrates the potential of spatial econometric modelling, discusses problems and solutions and interprets empirical results.
