Inspired by Aleksandr Solzhenitsyn's account of a Soviet labor camp revolt in Gulag Archipelago, Volume III, the story of FORTY DAYS AT KAMAS follows political prisoners and security officials at a corrective labor camp in Kamas, Utah, where inmates seize control during the summer of 2024. In FORTY DAYS AT KAMAS, author Preston Fleming offers a stirring portrait of a man determined to survive under the bleakest of conditions and against formidable odds. Fleming brings the characters and events to life in a way that arouses emotional tension while also engaging the reader's intellect with fundamental questions about the future of American society.

EXILE HUNTER, the third book in the Kamas Trilogy, begins in 2023, one year before the Kamas revolt, in a dystopian America ruled by a tyrannical President-for-Life who turns America's military and intelligence assets against his domestic enemies. The protagonist, an undercover officer specializing in targeting exiled political opponents, becomes the scapegoat for a failed operation and is sent to die in a corrective labor camp near the Arctic Circle. But, defying all odds, he survives, escapes and devotes his remaining energies to finding and aiding a woman whose family he has ruined. SYNOPSIS: Beirut, 2023: When undercover intelligence officer Warren Linder agrees to lure an exiled opponent of the President-for-Life back to impoverished, low-tech, post-Civil War II America, Linder is unaware that the target is his childhood sweetheart's father. On learning this, he ignores his better instincts and plunges ahead. But a surprise encounter with the woman who rejected him years before triggers a change in Linder that derails the operation. His bosses, suspecting treachery, capture Linder along with the target and his daughter and spirit them back to the U.S. aboard a secret rendition flight. Linder's ensuing journey takes him from Beirut to a Virginia interrogation center and on to an Arctic labor camp; then, after a nearly impossible winter escape, on a 2000-mile trek to the Utah Security Zone, where his onetime love was last held. Though he finds her, their respective ordeals have changed them. The story reaches a climax in the couple's home town of Cleveland, where Linder aims to recover his former target's last cache of rebel funds and use it to take his loved ones beyond the regime's reach. EXILE HUNTER is a tragic yet life-affirming saga of a man who risks everything to set right past wrongs, regain lost love and resist the tyranny he once served. In EXILE HUNTER, author Preston Fleming offers his most richly imagined vision yet of the future American dystopia introduced in FORTY DAYS AT KAMAS, while endowing the story's characters with complexity and a remarkable capacity for growth. Warren Linder's epic journey crackles with excitement at every step and leads to a deeply satisfying conclusion. Devoted Fleming readers will likely consider EXILE HUNTER the author's best work by far.

This is the only guide for hiking to the top of Half Dome - the signature landmark of Yosemite National Park, CA. It provides a history of the original Indian inhabitants of the area. The unique geological formations are explained. The focus of the book is to provide information on safe hiking practices to complete this extremely strenuous hike of 16-miles round trip that is climaxed by a harrowing 400 foot vertical ascent to the top of the 8,842 foot high granite monolith with the aid of a pair of steel cable banisters set at 45 degrees incline. Included is an extensive trail description with photos and narration of 16 points of interest. The author has completed this hike over 30 times and is a recognized expert source of information about the hike. This is not a topographic map intensive guide; rather it tells historical vignettes to interpret the hike so readers identify with events of the mid 1800's. He relates the story of the interaction of the Miwok and Mono Paiute Indians with the hordes of white invaders during California's Gold Rush. The reader is aware of how Yosemite developed after the white man's "discovery." The explanation of how odd geologic formations arose from ancient magma flows provides the reader with an understanding of what happened to the "missing part" of Half Dome. The full day hike up to the top of Half Dome is one of the most popular in the country. It is not easy. The book prepares the reader for the adventure with an extensive discussion of the equipment required, the training needed and a detailed "walk through" of the entire trail. Photographs and descriptions of salient features take the apprehension out of doing the hike. Sections with descriptions of 16-Points of Interest - waterfalls, historical areas, flora and fauna, drinking water sources and the actual cables provide readers with the "real deal" information to safely prepare for and complete this "bucket list" Adventure. Readers are given specific information on the gear needed. This includes a boots/foot care, use of hiking poles and a summary of water filter usage clothing selection and food suggestions.

Junior high is where things really start to happen. Cliques form and break apart. Couples are made and destroyed. And a reputation is solidified that you won't ever be able to escape. Everything you do and say, and everyone you spend your time with, matters. Katie Mills knows that. She gets it. That's why she tried so hard to get in with the cool girls at school. And why she was so devastated when those efforts found her detained for shoplifting and laughed out of cheer squad tryouts. But Katie has more to worry about than just fitting in. Her parents are divorced and always fighting. Her sister never has time for her. And her friends all seem to be drifting apart. Even worse? The boy she has a crush on is dating the mean girl at school. Everything is a mess, and Katie doesn't feel like she has control over any of it. Certainly not over her weight, which has always topped out at slightly pudgier than normal at least, according to her mother. So when she happens to catch one of the popular girls throwing up in the bathroom one day, it sparks an idea. A match that quickly engulfs her life in flames. Is there any going back once she gets started down this path? And would she even want to if she could?

Based on over twenty years of experience, the author of this practical guide provides the executive with a comprehensive discussion of the issues and tools involved in the location or relocation of a business operation. A company's search for the ideal site is one of the most important managerial functions. The author walks the reader through each stage in the process, from planning the move, organizing and administering the search, and selecting the general area to evaluating a specific community and site and assembling a final report. The book provides helpful tables and survey samples, making it easier to utilize the information effectively. Besides executives involved in the process, economic development specialists and students will find the book useful.

This extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities, where some 40,000 people still practice polygamy. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

"Graham Greene meets the Marx Brothers" in a comic thriller of "Unquiet Americans on the loose in Thailand" (Tom Drury, author of Pacific). Turk Henry is an overweight, beer-swilling rock star married to a supermodel and rich beyond his wildest dreams. Right now his pampered paunch is plopped on the beach in Phuket, the last place a recovering sex addict should go on vacation, surrounded by topless groupies and luscious bar girls. But Turk's struggles with monogamy pale beside a greater challenge when his wife is abducted by a group of renegade Thai pirates. The US government won't help, and the law forbids Turk from paying the ransom. His life skills limited to playing bass and partying, Turk must now navigate the back alleys of Bangkok and the deadly jungles of Southeast Asia to save his wife and he's sweating bullets every step of the way. Featuring skinflint tourists, a hypochondriac US government agent, a horny Australian commando, venal publicists, and a nest of resourceful prostitutes, this NPR "100 Best Beach Books Ever" pick "mix[es] laughs and satire like a cross between Carl Hiaasen and Ross Thomas" (Entertainment Weekly). "Think Elmore Leonard meets Mario Batali." "Los Angeles Times "Cheerfully skewer[s] Homeland Security, heavy metal, compromised Hollywood morals, American arrogance, fetishes and anything else worth taking a shot at." "Miami Herald "Rare for a work of American fiction . . . An exquisitely written thriller that is as entertaining as it is intelligent." "Walter Reichert, Entertainment World

Marooned on a barbaric world, Prince Roger MacClintock, the Royal Brat, and his Royal Marines take on barbarian hordes and fierce monsters as they make their way to a distant port that holds their only hope for escape.
