So, you won't have heavier bag to carry. This is why your marginal to make bigger concept of reading is in fact ...

When anyone thinks of motorcycling, whether they are enthusiasts or only casually interested, the name Harley-Davidson immediately comes to mind. Harley-Davidson is among the oldest surviving motorcycle manufacturers; the company began in 1903 and continues to this day. As you can imagine, over the course of more than 100 years, the company has seen prosperous times as well as lean times, changes in focus and direction, evolution and revolution. All of that leads to a lot of company history and trivia. American Iron Magazine associate editor Tyler Greenblatt has compiled 1,001 Harley-Davidson facts into this single volume, with subjects ranging from the historic powertrains to pop culture to Harley-Davidson as a company and manufacturer. Facts begin with the early years, when a motorcycle was not much more than a bicycle with an engine attached, to the war efforts of World War I, when 15,000 were put into service. During the 1920s, Harley-Davidson grew into the largest manufacturer in the world, and that momentum helped carry it through the Great Depression and into World War II. Postwar development and AMF ownership are also covered in detail, as well as the restructuring and revival of the brand in recent years. Whether you're a casual rider, racer, or restorer, Harley-Davidson enthusiasts will be sure to find something in this book for that next conversation with fellow hobbyists. This book will keep Harley-Davidson enthusiasts entertained for hours, and is a great edition to any motorcycling library. p.p1 {margin: 0 0px 0 0px 0 0px; font: 12.0px Arial}

American Motorcyclist magazine, the official journal of the American Motorcyclist Associaton, tells the stories of the people who make motorcycling the sport that it is. It's available monthly to AMA members. Become a part of the largest, most diverse and most enthusiastic group of riders in the country by visiting our website or calling 800-AMA-JOIN.

A pictorial celebration of the first 95 years of Harley-Davidson motorcycles.

It's no wonder descriptions of riding often resemble the words of Asian mystics and Jedi knights. The ride causes your senses to open completely. You experience only the present, the now. Readers who prefer revving a Harley to meditating in a Zen garden know that biking is just as contemplative as chanting in the lotus position. Here, philosopher-bikers explore this seeming dichotomy, expounding on intriguing questions such as: Why are the motorcycles the real stars of Easy Rider? What would Marx and Foucault say about Harley riders' tight leather garb? What's it like to live a dual life as a philosophy professor who wrenches his own 1965 Electra Glide? Would Jesus hang out in a biker bar or a coffeehouse? And more importantly, would He ride a Harley or a Honda? These witty, provocative essays give readers and riders a new appreciation of what it means to become one with the road.
