range of abilities through extension and revision activities in all components - giving everyone a sense of achievement whatever their level. The Solutions 2nd Edition Workbook supports the Student's Book content with plenty of extra practice and revision.

Student Book: Specific listening and word skills lessons, to help develop well-rounded, confident communicators. **Student Book:** Additional resources, including exam skills trainer sections and extra speaking practice help consolidate what students have covered in the lessons. **Student Book:** Exam skills trainer sections prepare students for typical school-leaving/Cambridge tasks, and provide them with the language, strategies, and exam skills they need to achieve success. **Student Book:** Culture Bank includes 9 ready-to-use culture lessons linked to the topic and language of the main units, providing extra reading and listening practice. **Online Practice:** A particular focus on more in-depth practice of grammar, vocabulary, reading, writing, listening, and speaking skills. **Online Practice:** Media-rich content (vox pops, vlogs, grammar animations) with interesting and engaging topics and texts. **Online Practice:** Automatic marking with instant feedback, and progress tracked in the gradebook to save time. **Online Practice:** Content aligned to the CEFR and the Solutions syllabus which complements and extends the contents of the book.

text types, with model structures and key language as well as exam strategies, plus a Functions Bank for functional phrases for speaking and writing. There is plenty of exam practice in the Get Ready for your Exam sections and these, along with the Self-Check pages after each unit and the review sections at the back of the books, allow students and their teachers to keep track of their progress as they work towards their exams. The accompanying Audio CD offers students a huge amount of listening practice. There are audio recordings for tasks in every lesson (not only for the Vocabulary & Listening lessons).

Face2face is the flexible, easy-to-teach General English course that helps adults and young adults to speak and listen with confidence. face2face is informed by Cambridge English Corpus and its vocabulary syllabus has been mapped to the English Vocabulary Profile, meaning students learn the language they really need at each CEFR level. The course improves students' listening skills by drawing their attention to the elements of spoken English that are difficult to understand. The free DVD-ROM in the Student's Book includes consolidation activities and electronic portfolio for learners to track their progress with customisable tests and grammar and vocabulary reference sections.
