Course Overview This course describes the role, design, and functions of Emergency Operations Centers and their relationships as components of a multi-agency coordination system. The course contains disaster-related examples, activities and case studies that relate to EOC's and multi-agency coordination systems at the local, state and federal levels of government.

Course Objectives: At the end of the course, students should be able to:

- *Relate EOC operations to National Incident Management System (NIMS) requirements.
- *Describe the role that EOCs play in overall multiagency coordination.
- *Describe the relationship between the EOC and
