Lecture training with a Student Book and a DVD of filmed lectures prepares students to experience the demands of an actual lecture.

Lecture Ready prepares students to deal with academic lectures with skill and confidence. Students attend actual lectures via DVD or video after practice with targeted lecture language. The lectures include elements of natural speech, such as false starts and digressions, to provide practice in maintaining focus on the essential core of a lecture.

Listening Strategies help students recognize language signals and tune in to academic lectures. Note-taking Strategies help students manage information intake. Discussion Strategies help students participate fully in classroom discussion. Themed units align with academic content areas.

The importance of science and technology and future of education and research are just some of the subjects discussed here.
