Student Book: Specific listening and word skills lessons, to help develop well-rounded, confident communicators. Student Book: Additional resources, including exam skills trainer sections and extra speaking practice help consolidate what students have covered in the lessons. Student Book: Exam skills trainer sections prepare students for typical school-leaving/Cambridge tasks, and provide them with the language, strategies, and exam skills they need to achieve success. Student Book: Culture Bank includes 9 ready-to-use culture lessons linked to the topic and language of the main units, providing extra reading and listening practice. Online Practice: A particular focus on more in-depth practice of grammar, vocabulary, reading, writing, listening, and speaking skills. Online Practice: Media-rich content (vox pops, vlogs, grammar animations) with interesting and engaging topics and texts. Online Practice: Automatic marking with instant feedback, and progress tracked in the gradebook to save time. Online Practice: Content aligned to the CEFR and the Solutions syllabus which complements and extends the contents of the book.

The Solutions 2nd Edition Workbook supports the Student's Book content with plenty of extra practice and revision.

evaluation of alignment with the Common European Framework of Reference (CEFR). It focuses on contextual parameters, cognitive processing operations and test results and identifies parameters for the description of different levels of reading proficiency examinations. The volume explores procedures for linking tests to the CEFR and proposes both qualitative and quantitative methods that complement the procedures recommended in the Council of Europe's Relating Language Examinations to the Common European Framework of Reference for Languages (CEFR): A Manual, piloted in 2003 and revised 2009. Key features of the book include: - a detailed review of the literature on CEFR alignment, vertical scaling, test specifications and test comparability - a comprehensive and coherent approach to the validation of reading tests - an accessible and systematic description of procedures for collecting validity evidence based on a sound theoretical framework - a case study comparing different testing systems targeting the same CEFR level"--
