Book Review: The Declaration, By Gemma Malley

A powerful dystopian drama ahead of its time, about a world in which ageing is no longer feared, and death is no longer inevitable. Now availabine in a stunning new cover look.

It's the year 2140 and Anna shouldn't be alive. Nor should any of the children she lives with at Grange Hall. The facility is full of kids like her, kids whose parents chose to recklessly abuse Mother Nature and have children despite a law forbidding them from doing so as long as they took longevity drugs. To pay back her parents' debt to Mother Nature, Anna will have to work for the rest of her life. But then Peter appears at the hall, and he tells a very different story about the world outside of the Grange. Peter begs Anna to escape Grange Hall, and to claim a life for herself outside its bleak walls. But even if they get out, they still have to make their way to London, to Anna's parents, and to an underground movement that's determined to bring back children and rid the world of longevity drugs.

When a Pincent Pharmaceutical van is ambushed by the rebel group known as the Underground, its contents come as a huge surprise-not drugs, but corpses in a horrible state. It appears that the pharmaceutical company's top drug, Longevity-which is supposed to eradicate disease and ensure eternal life-isn't living up to its promises. Now a virus is sweeping the country, killing hundreds in its wake, and Longevity is powerless to fight it. But when the unscrupulous head of Pincent claims that the Underground is responsible for releasing the virus, it's up to Peter, Anna, and their friends to alert the world to the terrifying truth behind Longevity before it's too late.

What if the ordinary things in life suddenly...disappeared? Aila Quinn’s mother, Juliet, has always been a mystery: vibrant yet guarded, she keeps her secrets beyond Aila’s reach. When Juliet dies, Aila and her younger brother Miles are sent to live in Sterling, a rural town far from home—and the place where Juliet grew up. Sterling is a place with mysteries of its own. A place where the experiences that weave life together—scents of flowers and food, reflections from mirrors and lakes, even the ability to dream—vanish every seven years. No one knows what caused these “Disappearances,” or what will slip away next. But Sterling always suspected that Juliet Quinn was somehow responsible—and Aila must bear the brunt of their blame while she follows the chain of literary clues her mother left behind. As the next Disappearance nears, Aila begins to unravel the dual mystery of why the Disappearances happen and who her mother truly was. One thing is clear: Sterling isn’t going to hold on to anyone's secrets for long before it starts giving them up.

To survive you need people watching you, following your every move. That’s the only currency now: being interesting, being liked ... And, of course, you have to update every fifteen minutes. It means everyone knows where you are, what you’re doing; it means that there are no secrets... Everybody watches everyone else; nothing is hidden. And for those who fail to 'update' every fifteen minutes, the consequences are deadly. Evie and Raffy may have escaped the City but they still fear for their lives. Now the only person who can help them is Frankie, a total stranger, the most popular girl in the world, watched every second by millions of people. But Frankie has other ideas... And all the time, Lucas is waiting desperately for word from Evie, word that she is coming back to him. The conclusion to Gemma Malley’s terrifyingly dark vision of our near future will leave you gasping for air.

A woman in the wrong place at the wrong time must rely on a tough-as-nails cop in this romantic thriller from the New York Times–bestselling author. Pregnant and homeless, China Brown isn’t a threat to anyone. But when she accidentally witnesses a murder, the killer attempts to silence her too. Although China survives, she loses the baby who meant more to her than her own life. Distraught and alone, she finds herself turning to an unlikely source of comfort. Hard-bitten Det. Ben English is on the case, and he thinks the victim—a celebrity photographer—was killed for the scandals his camera could expose. But there's something even more intriguing to Ben than the secrets at the heart of the crime: the star witness. Undeniably drawn to China, Ben vows to keep her safe. But as they grow closer to each other, they also grow closer to the killer. “In a truly riveting story, Ms. Sala draws you in from the very beginning. She delivers main characters who will touch your hearts and quirky secondary characters who will intrigue you as you try to figure out whodunit.” —RT Book Reviews

In this fast-paced dystopian thrill ride, perfect for fans of The Hunger Games, Legend, and Divergent, a seventeen-year-old girl returns from death as a Reboot and is trained as an elite crime-fighting soldier . . . until she is given an order she refuses to obey. Wren Connolly died five years ago, only to Reboot after 178 minutes. Now she is one of the deadliest Reboots around . . . unlike her newest trainee, Callum 22, who is practically still human. As Wren tries to teach Callum how to be a soldier, his hopeful smile works its way past her defenses. Unfortunately, Callum’s big heart also makes him a liability, and Wren is ordered to eliminate him. To save Callum, Wren will have to risk it all. Wren’s captivating voice and unlikely romance with Callum will keep readers glued to the page in Amy Tintera’s high-stakes alternate reality.

Major Ernest Pettigrew is perfectly content to lead a quiet life in the sleepy village of Edgecombe St Mary, away from the meddling of the locals and his overbearing son. But when his brother dies, the Major finds himself seeking companionship with the village shopkeeper, Mrs Ali. Drawn together by a love of books and the loss of their partners, they are soon forced to contend with irate relatives and gossiping villagers. The perfect gentleman, but the most unlikely hero, the Major must ask himself what matters most: family obligation, tradition or love? Funny, comforting and heart-warming, Major Pettigrew’s Last Stand proves that sometimes, against all odds, life does give you a second chance.

The gripping finale to the thrilling dystopian trilogy that began with The Declaration. Now available in a gorgeous new cover look.

In this spirited sequel to the acclaimed The Rook, Myfanwy Thomas returns to clinch an alliance between deadly rivals and avert epic -- and slimy -- supernatural war. When secret organizations are forced to merge after years of enmity and bloodshed, only one person has the fearsome powers--and the bureaucratic finesse--to get the job done. Facing her greatest challenge yet, Rook Myfanwy Thomas must broker a deal between two bitter adversaries: The Checquy--the centuries-old covert British organization that protects society from supernatural threats, and... The Grafters--a centuries-old supernatural threat. But as bizarre attacks sweep London, threatening to sabotage negotiations, old hatreds flare. Surrounded by spies, only the Rook and two women who absolutely hate each other, can seek out the culprits before they trigger a devastating otherworldly war. Stiletto is a novel of preternatural diplomacy, paranoia, and snide remarks, from an author who "adroitly straddles the thin line between fantasy, thriller, and spoof" (Booklist).
