This pack consists of the Student's Book with answers with CD-ROM and Class Audio CDs. The Student's Book fully prepares students to tackle each part of every exam paper. Unique grammar and vocabulary exercises train students to avoid common mistakes. The interactive CD-ROM provides comprehensive extra practice of the language and topics covered in the book and supports mixed ability focusing on students' own particular areas of difficulty. The Class Audio CDs contain the recordings for the listening exercises in the Student's Book. A full practice test is available online for teachers to access.

Plato provided 53 physical clues in his famous dialogue Critias -- the original account of the story of Atlantis that is the sole basis of all Atlantis research. The book proves that the island of Cyprus and the underwater landscape just south of Cyprus is a perfect match with 51 of these clues. Exclusive 3D bathymetric maps based on new scientific data show for the first time a stretch of sunken land off of Cyprus. The general layout of the landscape of Atlantis as described by Plato is easily discernible on this underwater land mass, as well as the precise location of its capital-Atlantis City. This robust empirical data is joined with other original findings based on mythological analysis and historical research, making the case for Cyprus increasingly obvious. With this compelling new interpretation of Plato, author Robert Sarmast brings the legendary island of Atlantis alive for the first time. With the location so clearly mapped in this book, the next step in this exciting research is an expedition to the region. Humankind may soon witness the filming of

Skills in English Reading Level 1 Teacher's Book The Garnet Education Skills in English series was highly commended in the Duke of Edinburgh English Speaking Union English Language Book Award in 2004. Do you have to read texts in English as part of your studies? Then you need Skills in English Reading. This course builds the skills that help you do reading research in English. At Level 2, you learn how to: skim for the main idea; skim for the topic of paragraphs; read for an established purpose; understand non-text markers; distinguish fact from opinion; make inferences - 'read between the lines'; recognise the author's point of view; apply ideas to real-world situations; transfer information, e.g., text to outline; and react to a text. As well as preparing students for entry into English-medium study, the Skills in English Course is ideal for students who wish to improve their scores in skills-based examinations for university entry requirements, such as the International English Language Testing System (IELTS). Rather than focusing on exam preparation, Skills in English teaches the necessary skills as part of a systematic programme of language development. Skills in English courses are also available in Listening, Speaking and Writing. See the Skills in English website at skillsinenglish.com for additional materials and help. Key Features Reading texts a

maximum of 500 words Listening texts a maximum of 800 words Speaking tasks up to five paragraphs, with writing assignments between five and ten well-structured paragraphs Test booklets containing theme tests, a revision test after five units, plus an end-of-course test Teacher's Book containing full answer keys, methodology notes and transcript of listening material Accompanying Teacher's Book, Student Test Pack and Teacher Test Booklet also available.

The series is specially designed for students from intermediate to proficiency level. Each book consists of five modules and provides systematic preparation in all four language skills - listening, speaking, reading and writing - required at these levels. The Student's Book and the Workbook are designed to be covered in approximately 100 to 120 hours of classroom work.
