Open Source Software for Building Private and Public Clouds

And most recently, we published the code for our Android app, which means all Proton apps that are out of beta are open source. ProtonMail Bridge is a desktop application that allows you to fully integrate your ProtonMail account with any IMAP and SMTP email client, including Outlook, Thunderbird, or Apple Mail.

ProtonMail Bridge is open source on macOS, Windows, and Linux

An independent party has slowly begun merging patches into mainline Mesa for allowing the open-source Radeon Vulkan driver "RADV" to build on Microsoft Windows. AMD is not behind this effort nor Valve but has been worked on in recent months for making Mesa's Radeon Vulkan driver code compatible with Windows.
