Third Place Learning Reflective Inquiry Into Intercultural ...

Reflective/inquiry learning focuses on the practical aspects of learning rather than teaching. It requires reflection on what you are doing now, what you see and hear around you and what you want to accomplish in the future. Asking questions is the inquiry aspect. Self-reflection is central to this approach to learning, which is based on the Socratic method of asking questions and developing understanding.

That suggests that religious discrimination can occur anywhere, that it's not reflective of geography or political ideology, Pfaff said. "Religious bias in response to a routine inquiry from a public school official, amounting to a 5 to 13 percent lower chance of response, reflects substantial evidence of bias," Pfaff said.
